

Invoice factoring for you and your suppliers

Why Factoring?

Due to lack of **liquidity**, some suppliers face **delays** or **setbacks** which may prevent them to efficiently supply their products.

When looking for cash, companies hire services with **high comissions** which harm their operation.

DID YOU KNOW...

More than 80% of SMEs have issues with late invoice payment and with long payment periods?

- This limits the operational power of the company
- Reduces working capital and alternatives
- Affects responsiveness and growth

The Solution: **Faccorp International LLC**

With our factoring solution, your supplier will receive invoice payment as soon as your product **clears customs**, instead of waiting 30, 60 days or more for the end customer to pay.

Factoring fee cashback program **for distributors**

Your company might be eligible to earn **a portion of the factoring fees** if your suppliers meet a **minimum transaction amount every month.**

Benefits for the **Distributor**

Guarantee the supply of the product and the compliance of its commitments

Earn a portion of the factoring fees if your suppliers meet a minimum transaction amount every month.

Personalized treatment, active and effective communication

faccorp 
international
